Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 22 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with light rain for some.

This Evening and Tonight:
Turning cloudier again from the north through the evening, as a band of rain moves into the region. Rain generally light in nature, and mostly confined to hills and coasts. Becoming drier for most by dawn but remaining breezy throughout. Minimum temperature 11 deg C (52 deg F).

Thursday:
Further patchy light rain arrives into the north through the morning, lingering throughout; southern areas staying largely dry, but quite cloudy. Breezy. Maximum temperature 17 deg C (63 deg F).

Outlook for Friday to Sunday:
Staying cloudy Friday, with light rain and breezy winds. Drier and less windy on Saturday but remaining cloudy. Fine and largely dry Sunday, with sunny spells. Heavy showers possible later.
